

EDUCATION FAIRS

Education fairs are annual events organized to advertise international education in the United States of America. The goal of such events is to generate public interest in the programs and opportunities of US Associate, Bachelor's, Master's and Doctorate degrees.

Annually Education Fair is organized in cooperation with EducationUSA Advising Center, American Councils for International Education and the Embassy of the United States. Hundreds of American universities send us their advertising brochures, booklets, flyers and catalogues to present these materials to the prospective students from Turkmenistan. Representatives and international admission officers of US universities and colleges come to Turkmenistan to present their educational institutions and discuss the application process.
